KDU Penang University College | Batu Kawan Campus

The All New Live-And-Learn Environment

Targeted for opening by 2019, the upcoming KDU Campus in Batu Kawan has a feeling of openness, with the building blocks surrounded by green planting / hardscape / spaces formed by The Piazza, The Plaza and Park Avenue. Within the buildings, Park Windows bring the green into breakout spaces centered in the learning cluster, creating an outward-looking collaborative mode.

MAIN CENTRAL CONGREGATION SPACE

The Piazza is a large, open-to-sky, gathering space on the 2nd floor where bazaars, fund-raising events and outdoor performances can be held. It is a combination of turf and hardscape.

BREAKOUT SPACES

On the ground floor, the Cafeteria spills out around a cooling Water Concourse and an educational Herb & Spice Garden. At the student drop-off, The Galleria exhibits students' works. An outdoor Sculpture Garden along the building displays bigger sculptural art works and installations by the students.

1 KDU PENANG 2 CAMPUSES

KDU Penang University College | Anson Campus

Building A Strong Foundation

Spurred by the success of the Petaling Jaya campus, the KDU board decided to expand the college beyond the Damansara Utama vicinity and plans were quickly made to make this dream a reality. From there, a decision was made to set up a branch campus in Penang with the aim of providing further education access to Penangites as well as the community in Northern Malaysia.

KDU Penang University College began its chapter when it opened its doors to its first batch of students in 1991. Since then, KDU Penang University College has grown by leaps and bounds. Now, sitting proudly in Jalan Anson, KDU Penang University College is the most popular private tertiary education provider in the northern region. It has an international alumni from more than 60 countries around the world.

KDU Penang University College's range of internationally recognised industry-driven academic programmes covers a wide level of offerings from Pre-University studies to Postgraduate programmes. All its programmes are accredited by the Malaysian Qualifications Agency and are internationally affiliated with top universities around the globe such as University of Lincoln and Northumbria University from the United Kingdom and the IMI International Management Institute Switzerland.

KDU Penang was conferred an all-round 6-star College status by the Ministry of Higher Education (MOHE) MyQuest Audit 2014/2015. It boasts of state-of-the-art facilities which include industry-standard 5-star kitchens, a Recording Studio, Art Gallery and Design Studios, VLSI engineering labs, Games and Multimedia Computing Design Labs, Business Boardrooms and Lounge, Mock Hotel Suites and

many more. All this helps to ensure that every KDU student is well prepared to be gainfully employed upon graduation – an indisputable fact that has strengthened the institution's impressive graduate employment ratio record.

Over a span of 25 years, our students continue to do us proud with a string of successes in various national and international competitions. In July 2013, KDU Penang was also awarded the Penang MPSP Green Industry Award for the SME Education and Awareness category. For real education in the real world – **HIT THE GROUND RUNNING™** with KDU Penang University College.
